Inc. Magazine Names United National Consumer Suppliers to Prestigious Inc. 5000 List for Second Consecutive Year

Innovative Wholesale Supplier Jumps to #1917—
High Touch Marketing and High Tech Systems Fuel Market Share Growth

WASHINGTON, Aug. 29, 2011 (GLOBE NEWSWIRE) -- United National Consumer Suppliers (UNCS), a leading wholesale distributor specializing in manufacturer's closeouts, excess inventories and overstocks headquartered in South Florida, is pleased to announce it has been named to the Inc. 5000 list, a compilation of the most entrepreneurial and fastest growing companies in America, for the second consecutive year.

Jumping from #3501 in 2010 to #1917 in 2011, UNCS attributes its fast paced growth to its tremendous workforce, innovative technologies, a willingness to be different and loyal and supportive clients. In its ninth year, UNCS has grown from 2 to 23 employees and recently celebrated its first \$1 million week, setting the company up to surpass its best year to date by more than 200 percent.

"It is with great pride that our growth is recognized by such a prestigious business ranking. The flexibility of our business model has enabled us to grow our international client base for imports and exports, in turn projecting to beat last year's revenues by over 200 percent," said Brett Rose, CEO and Founder of United National Consumer Suppliers.

What sets UNCS apart is true personalized customer service, a willingness to adapt to retailer's requirements, ship to different places on request, and an unwavering eagerness to sell to any retailer regardless of size, from national chains to family-owned convenience stores. UNCS's ability to store goods and ship from one of its 21 warehouses located throughout the United States and Canada cuts down on freight costs and logistical nightmares.

"Our innovative tactics were at the forefront of our acceptance to this prestigious list last year. Those same standards, coupled with calculated strategies allowed us to grow at a rapid rate, even during a volatile economy," said Mr. Rose.

United National Consumer Suppliers (UNCS) is a leading wholesale distributor specializing in manufacturer's closeouts, excess inventories and overstocks. Headquartered in Ft. Lauderdale, Fla., UNCS is a versatile wholesale company able to provide unparalleled customer service and support to retailers regardless of size, from national chains to family-owned convenience stores.
